

# 2000 HARLEY-DAVIDSON ROAD KING CLASSIC

VIN: 1HD1FRW11YY600626

May 17, 2008

Custom paint, graphics and airbrush artwork. I had the new stock sheet metal painted the red with flag flames. When I bought the bike the Harley Custom numbered paint sets were sold outright, no exchange, so I had the brand new stock sheet metal in my attic for 4 years before I found a paint scheme that I liked well enough to change to.

Complete EXTRA Harley-Davidson numbered paint set with hard bags (see photos). Yellow, Black, White flame set in excellent condition. Number 56 of 100 sets made. It's the Road King Classic set with painted rear fender (the Road King Standard set had a solid black rear fender but included hard bags). I bought these hard bags separately and had them painted to match. This set was around \$5000.00 with the hard bags and having them painted to match the rest of the Harley paint scheme.

**IT'S LIKE GETTING 2 CUSTOM BIKES FOR THE PRICE OF ONE!!**

Brand new 2004 Harley-Davidson hard saddle bags (lined) and hardware, Harley-Davidson billet latches (I traded my leather bags for these off a brand new Road King Standard and put the billet latches on).

Two windshields, stock and HD 4" shorter low profile one

Two seats, stock and HD Sidekick low profile leather seat

Front fender smoothed and "Road King" emblem holes filled

Performance Machine "Seville" chrome billet aluminum wheels with matching brake rotors

Doss saddle bag guard eliminators

All docking hardware (4 docking points)

Chrome lower legs with Harley-Davidson axle nut covers

Chrome inner primary (not a cover)

Harley-Davidson billet fork lock cover

Harley-Davidson billet Flame shift rod

Every chrome engine accessory/cover in the Harley-Davidson Parts Catalog, Custom Chrome Catalog and Drag Specialties Catalog that fits a 2000 Road King

S&S Gear Cams, Screamin' Eagle adjustable pushrods

Harley-Davidson Stage I air cleaner kit

Dyno Jet Power Commander

Bub True Dual exhaust with Sampson Silver Bullet mufflers w/billet end caps

Wild One, Inc. 1 1/4" chrome handlebars with chrome switch covers, switch caps, chrome master cylinder, clutch perch, etc.

Chrome billet brake and clutch levers with braided leather streamers

Headlight and passing lamp trim rings

Chrome saddlebag fillers

Chrome rear shock covers

Chrome oil filter mount, oil filler neck and oil filler cap

Rivco Chrome Air Horn

Harley-Davidson "Flame" floorboards, grips, shift peg and highway pegs

Harley-Davidson brake light/running light module

Harley-Davidson lay down license tag brake with Arlen Ness chrome billet license tag frame

Chrome rider and passenger floorboard mounts

Billet shift and brake pedal levers

Barnett braided stainless steel throttle, idle and clutch cables

Chrome brake calipers and stainless steel brake lines

Harley-Davidson billet mirrors

Harley-Davidson tachometer with chrome billet mount

Landmark stainless steel gas caps w/LED fuel gauge

Harley-Davidson alarm system with siren and paging system

Progressive Suspension lowering kit, front and rear

Kuryakyn chrome frame covers & LED taillight

Hot Toppers bolt head covers, various other bolt covers, chrome bolts, nuts and washers scattered all over the motorcycle

Various parts that have been removed, chrome plated then re-installed because the chrome part was not available, i.e. inner primary, saddle bag brackets, etc.

This bike has 24,800 miles on it, is garage kept, and maintained extremely well, all synthetic fluids, scheduled maintenance performed in a timely manner and NEVER abused.

# \$18,500
